- 3 speed control system
- Aluminum blade
- Adjustable stand height
- Oscillation control
- Heavy duty metal stand and grill for durability
- Thermal fuse protected motor
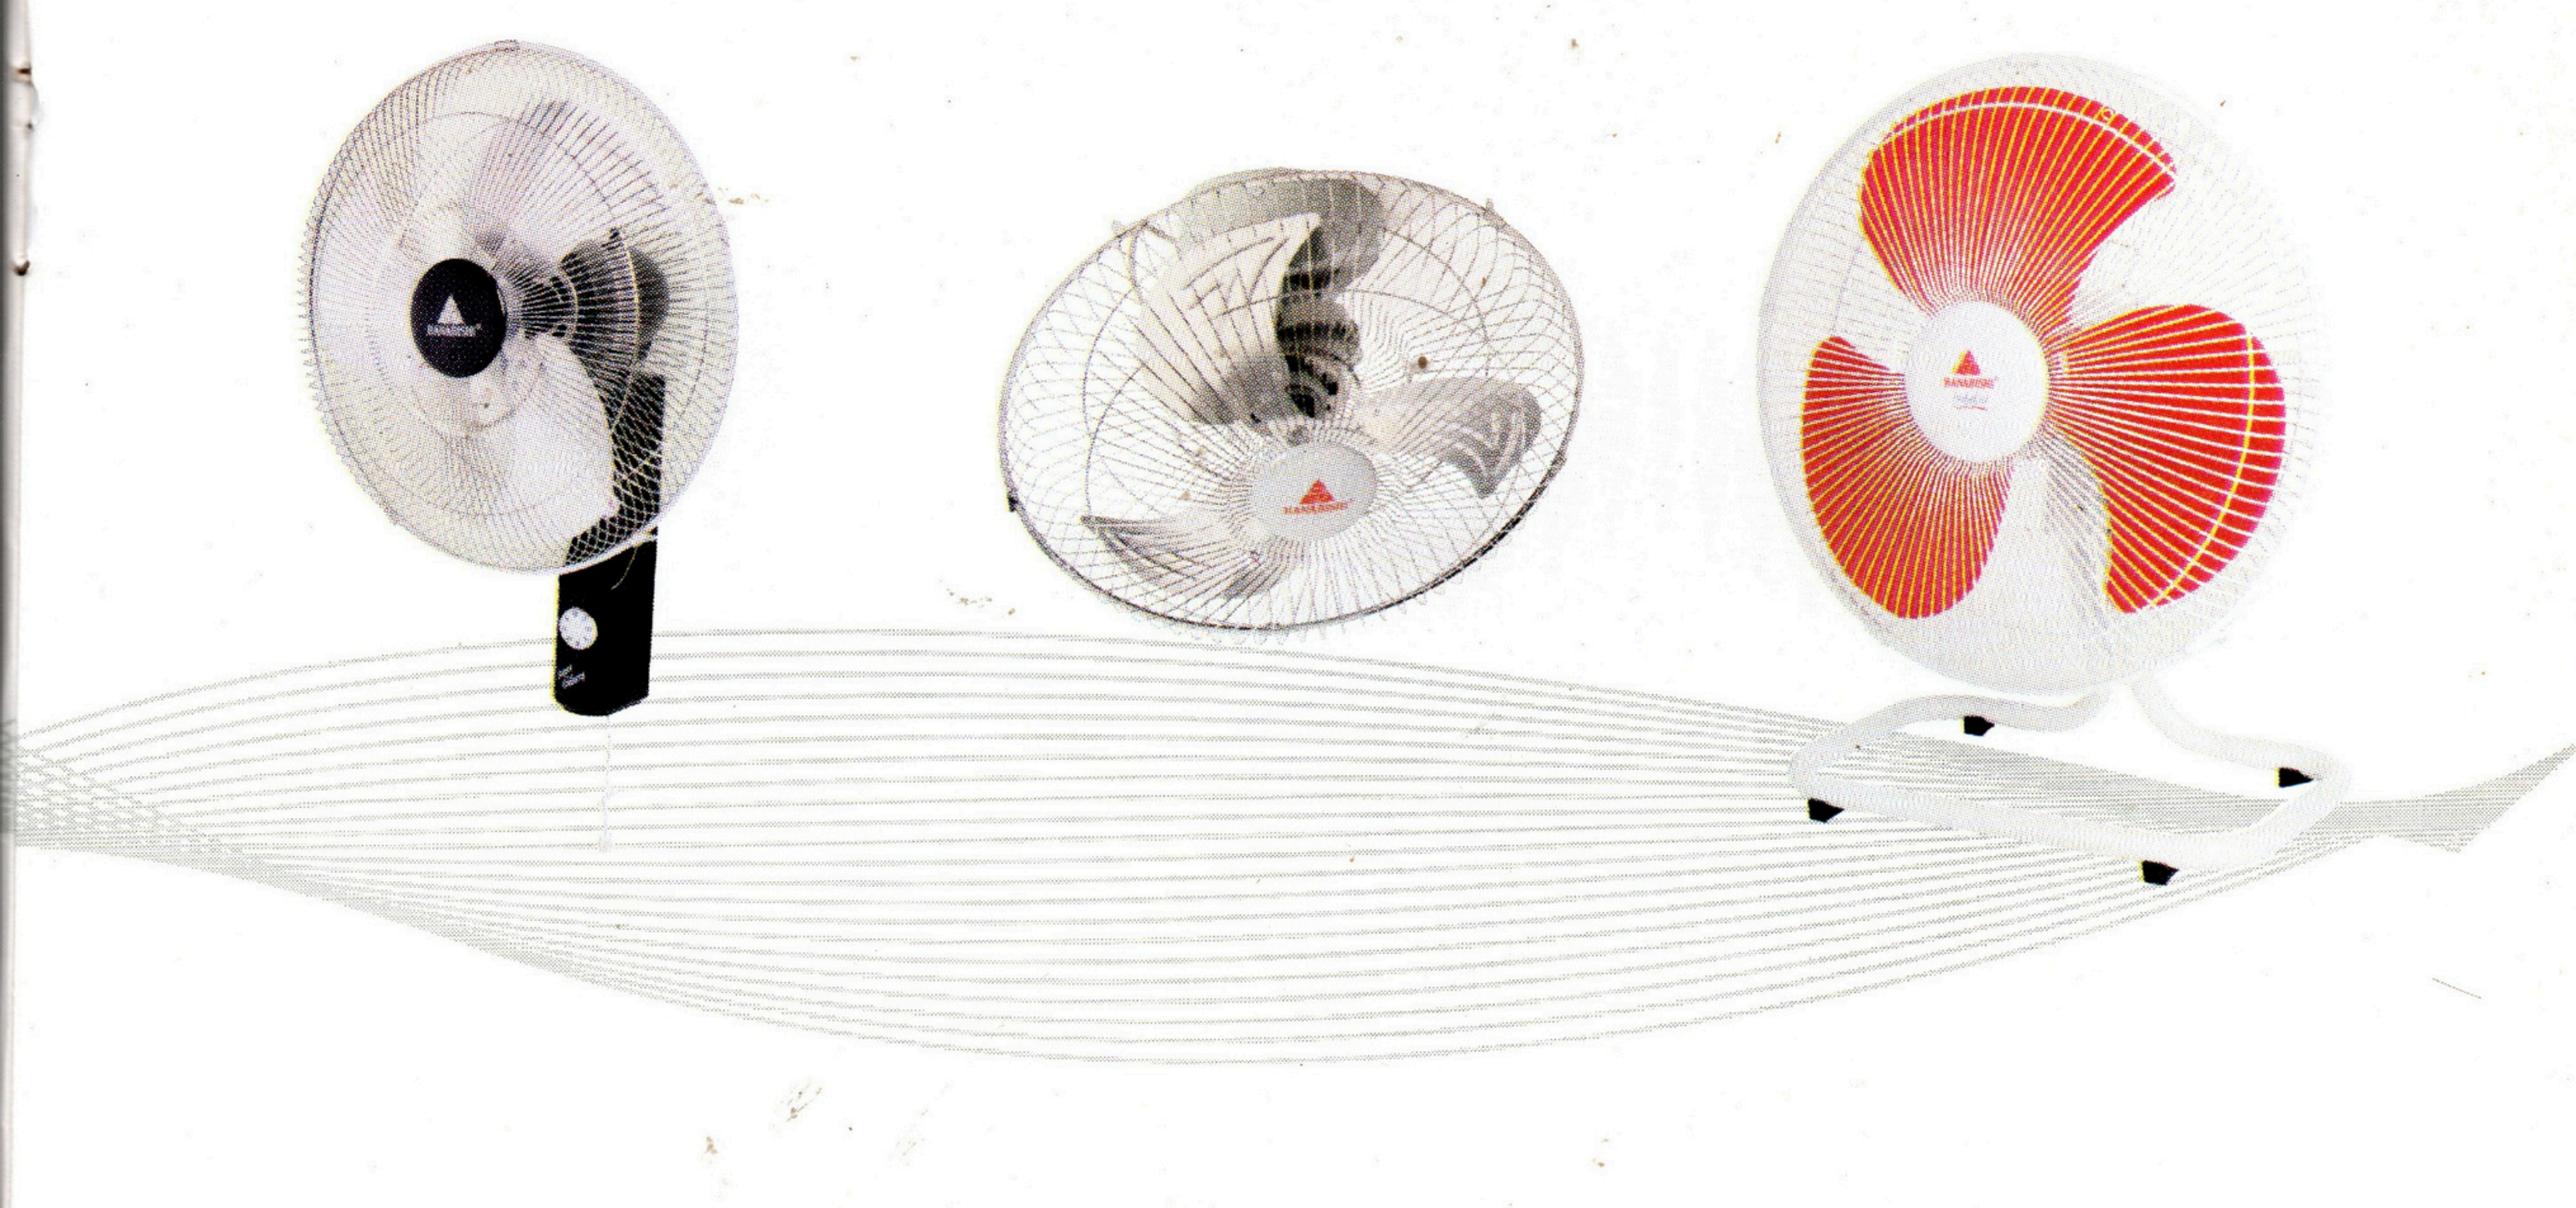
- 18" blade
- Silver coated



industrial wall fan

HIWF-180W
HIWF-160W

- 3 speed control
- Aluminum blade
- Oscillation control
- Thermal fuse protected motor
- Heavy duty frame and grill for durability
- Available in 18" blade **& 16" blade**
- Color: chrome-plated

industrial ceiling fan

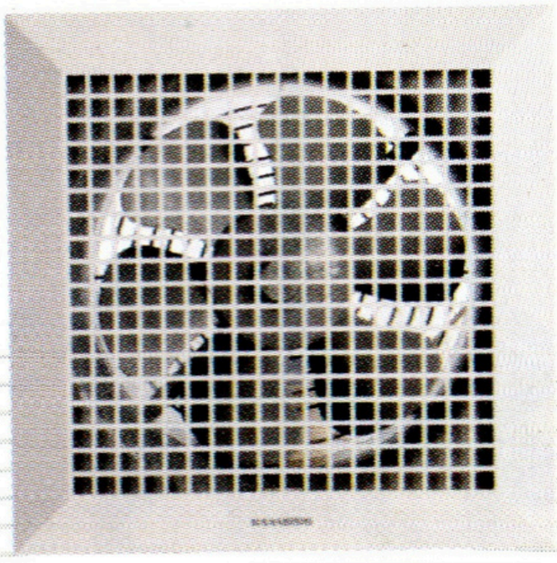
HIOF-380R

- 360 ° oscillating fan
- Aluminum blade
- Thermal fuse protected motor
- Heavy duty frame and grill for durability
- Available in 18" blade
- Color: chrome-plated

ground fans

Turbolite 12 /
Turbolite 16

- Industrial body
- Plastic blade
- 3 speed control
- Thermal fuse protected motor
- Oscillation control
- Available in 12" and 16" blade
- Available colors: red, blue, yellow



exhaust fans

HEF-206 / HEF-256

- Wall mounted
- With shutter control
- Easy to install
- Available in 8" and 10" blade

duct fan

EX25

- Ceiling mounted
- 20 cubic meter minimum air volume output capacity
- Powerful motor
- Easy to install
- Available in 10" blade

stove

gas stoves

GS-600

- Single burner gas stove
- Single jet system
- Stainless top
- Automatic ignition switch and safety interlocks
- Separate enamel trivet and drip pan

G-202

- Double burner gas stove
- Single jet system
- Stainless top
- Automatic ignition switch and safety interlocks
- Regular sized gas stove
- Separate enamel trivet and drip pan

HS-1

- Double burner gas stove
- Single jet system
- Teflon coated body
- Automatic ignition switch and safety interlocks
- 710mm sized gas stove
- Separate enamel trivet and drip pan

NEW!

electric stove

G-7

- Double burner gas stove
- Single jet system
- Stainless top
- Automatic ignition switch and safety interlocks
- 710mm sized gas stove
- Separate cast iron trivet and stainless drip pan

G-8010

- Double burner gas stove
- Single jet system
- Stainless top
- Automatic ignition switch and safety interlocks
- 710mm sized gas stove
- Separate cast iron trivet and stainless drip pan
- 2 different burner size for varied cooking speed

HES-60

- New unbreakable coil
- Big thermostatic pilot lamp
- 3 power setting
- 1000W power
- Built-in handle
- 6" coil

cooker

- 18 liter capacity
- 60 minute timer with chime
- Toast, bake, roast and grill
- Automatic shut off
- Option for upper and lower heating
- Thermostat control
- Tempered wide glass window
- Thermal fuse protected
- Rotisserie function (HEO-18R)
- Available colors: black, white

juice blender

NEW!

NEW!

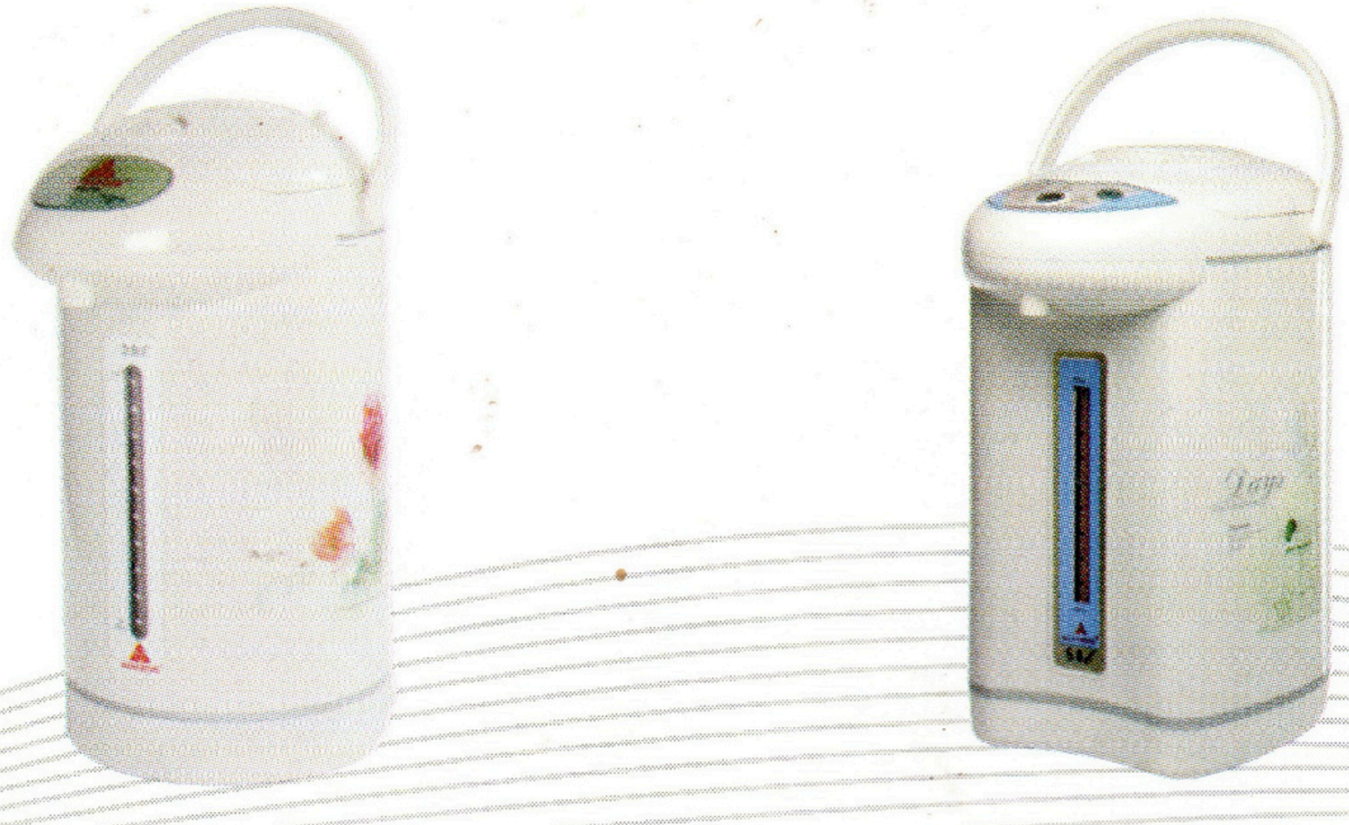
Express Blender HJB-198

- 4 button speed option
- 1.5 liter glass jar
- Safety glass lock system
- 350W power motor
- With thermal fuse protector
- Non-slip base
- Stainless steel blades
- Color: white

Super Blender HJB-115

- 6 button speed option
- 1.5 liter glass jar
- Safety glass lock system
- 350W power motor
- With thermal fuse protector
- Non-slip base
- Stainless steel blades
- Color: white

electric airpot



Hotpot 399

- 3.9 liter capacity
- Rotary base ring (360°)
- Hygienic stainless top
- Easy to read water level indicator
- Auto keep warm system
- Thermal fuse protected motor
- Powerful air pump
- Pilot lamp indicator

HEP-889R

- 5.0 liter capacity
- Rotary base ring (360°)
- Hygienic stainless top
- Easy to read water level indicator
- Auto keep warm system
- Reboil function
- Powerful air pump
- Pilot lamp indicator
- Thermal fuse protected motor

flat iron

HI-82

- High end design
- Aluminum soleplate with overheat protection
- Thermostat control
- Pilot lamp power indicator
- Wide heel rest
- Color: black or white handle

HI-83

- Electric iron
- Aluminum soleplate with overheat protection
- Thermostat control
- Accurate temperature controller
- Wide heel rest
- Color: black handle

HI-84

- Deluxe automatic iron
- Aluminum soleplate with overheat protection
- Thermostat control
- Pilot lamp power indicator
- Wide heel rest
- Color: white handle
